

## **OT**

The college has well equipped operation theatre, where surgical operations are carried out in an aseptic environment.

OT room is spacious and well lit, typically with overhead surgical light.

Room supplied with oxygen cylinder and possibly other anaesthetic gases.

Key equipment consists of the operating table and the anaesthesia cart. In addition, there are tables to set up instruments. There is storage space for common surgical supplies. There are containers for disposables. Outside the operation room is a dedicated scrubbing area that is used by surgeons and anaesthetics prior to surgery.
